SEVEN

SEVEN – BEST IN CLASS. BUILT FOR THE FUTURE.

The SEVEN Series is the **new flagship** in the DICOTA portfolio – our most advanced line to date. It combines decades of expertise with the latest innovations and the clear vision of making mobile working safer, smarter, and more sustainable.

Developed from the strengths of the PRO Series and inspired by the real needs of today's professionals, SEVEN delivers **best-in-class functionality, protection, and design**. Every detail has been carefully engineered: from **DICOTA Cushion Technology** and **integrated RFID protection** to a **dedicated tracker compartment** for added security.

What makes SEVEN truly stand out is its **sustainability inside and out**. The exterior and interior are both crafted from **high-quality rPET materials**, giving a second life to recycled plastic bottles while ensuring the durability and premium feel you expect from DICOTA.

The result is a series that sets new standards – **durable, protective, and sustainable, without compromise**.

SEVEN – HIGHLIGHTS

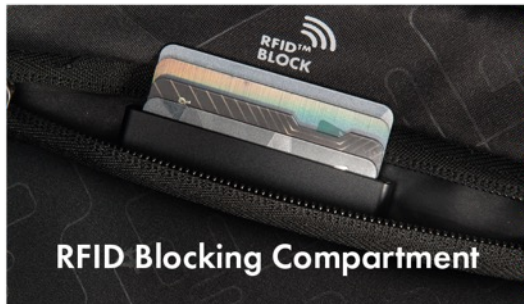

SEVEN is our absolute flagship product for business professionals with high standards in terms of quality, durability, reliability, and functionality—combined with great design and the latest materials.
