

# ECO CERTIFICATE GRÜNER PUNKT

By participating in our dual system  
for recycling of sales packages, the company

**DICOTA SCHWEIZ AG**  
8808 Pfäffikon SZ

in 2018 contributed towards saving:

26 t CO<sub>2</sub> equivalents

10,862 kg crude oil equivalents

52 kg phosphate equivalents

2,547 GJ primary energy

127 kg sulfur dioxide equivalents

The CO<sub>2</sub> saved corresponds to the amount produced if 697 passengers would take a round trip on the train from Cologne to Berlin (calculated through [ecopassenger.org](http://ecopassenger.org)).

Recycling reduces greenhouse gases and as such is an important contribution towards climate protection. Der Grüne Punkt publishes its annual balance of environmental performance since 2001 which confirms this positive effect on the environment. The environmental performance balance is regularly reviewed by the experts from IFEU in Heidelberg.

Haucke Schlüter  
Spokesman of the Board

Jörg Deppmeyer  
Managing director
